For clients with an existing term prior to the Effective Date, these updated Terms and Conditions are effective 30 days from the Effective Date (except as provided in these Terms and Conditions).*

*If you have a different master agreement that is signed by HealthJoy for use of the Program and related services, then these updates to the Client Terms and Conditions will not apply to you.*

These Client Terms and Conditions, together with the executed Client Program Order Form ("Agreement") is entered into by and between **HealthJoy, LLC**, a Delaware limited liability company located at 435 North LaSalle Drive, 4th Floor, Chicago, IL 60654 ("HealthJoy"), and the company ("Client") that has signed the Health Program Order Form ("Order Form"), which incorporates this Agreement by reference. HealthJoy and Client may be referred to as a "Party" and collectively as the "Parties." Unless defined herein (including the incorporated Exhibit 1), capitalized terms may be defined in the applicable Order Form.

HealthJoy may update this Agreement from time to time in accordance with the "Updates" Section (Section 9.3). The most current version of this Agreement will be posted on <https://healthjoy.com/client-terms-conditions/> (the "Site").

The Parties hereby agree as follows:

Third-Party Products may also be subject to terms and conditions set forth by the HealthJoy Third-Party Provider and Client's use of such Third-Party Products constitutes Client's consent to such terms and conditions. HealthJoy hereby grants to Client a limited, non-exclusive, non-transferable, royalty-free and revocable right to use, make copies of and display the Marketing Material solely as necessary to promote the Program in accordance with this Agreement. Any goodwill developed because of such use or display will inure exclusively to the benefit of HealthJoy. Except for those rights that are expressly granted herein, Client will not grant, nor claim for Client or other affiliated entities, independent contractors or employees, either expressly or implicitly, any other right, title, interest, or license in or to any of the foregoing properties or rights. Client agrees that its purchase of subscriptions hereunder is not contingent upon the delivery of any future functionality or features nor is it dependent upon any oral or written public comments made by HealthJoy with respect to future functionality or features.

## **2. CLIENT RESPONSIBILITIES.**

2.1 Client shall promote the use of the Program to any employee who is eligible to use the Program ("Employees") and/or those dependents that have elected to participate in and are covered by at least one (1) of the Client's benefits or a Third-Party Product ("Eligible Dependents") (each of the Employees and their Eligible Dependents shall be referred to collectively as the "Members").

2.2 Client, or its designated Benefits Associate (as defined below), shall submit to HealthJoy all necessary data, including, but not limited to, schedules of benefits, formulary data, provider directories, network data, national pre-authorization procedures, clinical policy bulletins and proprietary rate tables ("Plan Data") in order to reflect Client's benefits in the Program and shall provide any updated Plan Data at the time of a benefit renewal or in the event of a

material change. For purposes of this Agreement, "Benefits Associate" means certain third parties that provide services to Client, such as an employee benefits portal, advisor, consultant, broker, or TPA, and in connection with such provision of services to Client may be providing information to HealthJoy in connection with the Agreement. Client is responsible for the accuracy of the information provided to the Plan Data and understands that HealthJoy will depend on such information being accurate to provide the Program and the related services.

2.3. Client, or its designated Benefits Associate, shall provide the Eligibility Data (as such term is defined in Exhibit 1) for the HealthJoy Program. The Eligibility Data shall be provided in the format requested by HealthJoy during implementation and updates provided to HealthJoy on a frequency mutually agreed to by the Parties. The Plan Data and Eligibility Data shall collectively be known as the "Data." In addition, Client shall send HealthJoy a list ("Census Data") of the names and total number of Employees ("Eligible Employees") within ten (10) days after the end of each month during the Term and such Census Data will be used for billing purposes (in the event HealthJoy does not receive Census Data in a timely manner for the current month, HealthJoy will use the last received Census Data for billing purposes). All Eligibility Data and Census Data shall be sent to HealthJoy via secure email, SFTP location hosted by HealthJoy, or upload to HealthJoy's customer portal. Client is responsible for the accuracy of the information provided to the Eligibility Data and understands that HealthJoy will depend on such information being accurate to provide the Program and the related services. There is no partial billing; if an Employee is on the applicable Census Data used for billing for even one day of the month, the PEPM is still due for such Eligible Employee for the entire month.

2.4 Client authorizes HealthJoy and the HealthJoy Third-Party Providers to receive and use Member Data and to communicate directly with Members via multiple communication methods, which may include, email, text (SMS), push notifications, Broadcaster notifications in the HealthJoy app, and phone calls, for the purposes of: (a) promoting the Program and (b) treatment, payment, and health care operations of the Members, HealthJoy, and the Third-Party Providers. Client additionally authorizes HealthJoy to do the following, in accordance with HIPAA: (1) manipulate, de-identify, reconfigure, reconstitute, and commingle data for the purpose of providing the Program and related services; (2) use data to prepare reports ("Reports") as part of the related services; (3) disclose Reports regarding the Client to the Client; and (4) disclose such Reports and PHI regarding any applicable employee benefit plan maintained by or on behalf of the Client to the broker of record for the plan, and to other third parties as directed or authorized by the plan or the Client as set forth herein or hereafter, provided that with regard to any such disclosure the broker or third party is legally bound to comply with the confidentiality and non-use obligations of HealthJoy under this Agreement or materially equivalent obligations.

**2.4.1 Generative AI Features.** The Program may incorporate generative artificial intelligence functionalities ("GenAI Features"). Client authorizes HealthJoy (and its designated Third-Party Providers, where applicable) to receive and utilize data from Client and Members ("Input"). The Program will process this Input to generate outputs, such as text, within the Program ("Output," and together with Input, "Content"). Client grants HealthJoy a worldwide, non-exclusive, royalty-free, and irrevocable license to host, reproduce, distribute, modify, create derivative works of, and use the Input solely for the purpose of providing and enhancing the Program and related services. HealthJoy reserves the right to modify, suspend, or discontinue the GenAI Features at any time without prior notice. **HealthJoy will not use Client's data or Content to enhance the GenAI Features in a manner that could result in the disclosure of Client's personal data or Content to any unauthorized third party, including for the training or fine-tuning of generative AI models employed by the GenAI Features.** The Program and the GenAI Features may utilize subprocessors as detailed in HealthJoy's Privacy Policy (incorporated herein and linked below); these subprocessors are contractually bound to refrain from using Client's personal data for any purpose other than providing services to HealthJoy and the Members.

**2.4.2 Client's Use of the GenAI Features.** Client's utilization of the GenAI Features and the Content, as well as any use by its Users or facilitated by Client or its Users, is subject to the following restrictions: (i) Client must comply with all applicable laws and regulations; (ii) Client shall not use the GenAI Features to develop competing GenAI models, machine learning models, or related technologies; (iii) Client's use must not infringe upon, misappropriate, or violate any rights of HealthJoy or any other person or entity; and (iv) Client shall not utilize the GenAI Features or Content to make, or as a significant factor in making, critical decisions that impact material or individual rights or well-being (including, but not limited to, financial, legal, educational, employment, healthcare, housing, insurance, or social welfare decisions). Client further agrees not to input or enter any of HealthJoy's Confidential Information into any generative artificial intelligence model, including any machine learning models.

2.5 Client shall launch the Program by the sooner to occur of the Program Target Start Date set forth on the Order Form or within 90 days of such Program Target Start Date. The Client understands and agrees that the Program Target Start Date is not a guaranteed start date for the Program as it requires timely execution of the applicable Order Form and timely participation by Client in the implementation process, including providing all required information and data promptly to HealthJoy. There is no partial billing; if the Program or a specific module launches for even one day of the month, the applicable fees for the Program and/or specific module are still due for the entire month.

2.6 Client shall comply with all applicable laws, rules, and regulations. To the extent that any benefits provided through the Program are subject to the Employee Retirement Income Security Act of 1974 (as amended, "ERISA"), the Consolidated Omnibus Budget Reconciliation Act (as amended, "COBRA"), the Affordable Care Act (as amended,

# HEALTHJOY CLIENT TERMS AND CONDITIONS

“ACA”), specific provisions of the Internal Revenue Code applicable to tax-favored benefits or comparable federal or state laws. Client specifically agrees to be responsible for related compliance, including, but not limited to, performing any applicable non-discrimination testing and including benefits under the Program in any required filings of Form 5500 (ERISA Annual Report) it may make for Client’s employee benefit plans or as part of separate Form 5500 filings.

2.7 Client shall be responsible for maintaining and transmitting Eligibility Data, Census Data and Plan Data in accordance with industry cybersecurity standards and in a secure manner. Client is responsible for the accuracy of such information and understands that HealthJoy will depend on such information being accurate to provide the Program and the related services.

2.8 Client acknowledges that HealthJoy may, in its sole and absolute discretion, terminate or suspend the offering of any product or service, and that HealthJoy, in its sole discretion, may replace the suspended or terminated product or offering with a product with similar functionality for the remainder of the then-current Term.

2.9 Client and its Members shall abide by [HealthJoy Privacy Policy](https://www.healthjoy.com/privacy-policy) (available via <https://www.healthjoy.com/privacy-policy>) and [HealthJoy Terms of Use](https://www.healthjoy.com/terms-of-use) (available via <https://www.healthjoy.com/terms-of-use>). These are incorporated into and made part of these Terms and Conditions.

2.10 Client and its Members shall not provide any “personal data” as regulated by the General Data Protection Regulation (EU) (GDPR).

**3. HEALTHJOY RESPONSIBILITIES.** During the Term and subject to the amounts due and payable being paid to HealthJoy pursuant to the payment terms herein, HealthJoy will make commercially reasonable efforts to:

3.1 deliver and support the Program, including managing and securely maintaining the data it receives by the date(s) set forth on the Order Form. Notwithstanding the foregoing, the Parties agree that dates on the Order Form are an estimate only and depend upon HealthJoy receiving the Eligibility Data with a timeframe for implementation, and HealthJoy is not the Administrator of any employee benefit plan, within the meaning of Section 3(16) of ERISA and is not intended to be a fiduciary under ERISA for any reason when performing services in accordance with this Agreement or the sponsor of any employee benefit plan covering Client’s employees or dependents.

3.2 provide Client, at no additional cost, any updates, error corrections, modifications, or enhancements (“Updates”) for those HealthJoy Program modules subscribed to by Client. All Updates shall become part of the Program and subject to the terms and conditions herein. Notwithstanding the foregoing and excluding the software subscription set forth in the Program, in no event shall HealthJoy be responsible for nor shall it being required to license or to pay for any equipment, hardware, third party software, internet or other needs of Client or its Members to use the Program.

3.3 provide Client with account management, reporting, and Member service to provide support for usage of the Program.

3.4 process, in the event that Client subscribes to HealthJoy’s Proactive Steerage (formerly Enhanced Navigation and formerly TPA+) add-on module, the Eligibility Data, accumulator data, insurance verification data, precertification data, claims data and any other mutually agreed up data (collectively, the “TPA Data”) in order to:

- 3.4.1 Use the Eligibility Data to dictate Program access and the corresponding benefit wallet to Members;
- 3.4.2 Use accumulator data to display deductible/OOP status of the Member in the HealthJoy application;
- 3.4.3 Use insurance verification data to encourage Member engagement via proactive messaging from the HealthJoy Program; and
- 3.4.4 Use precertification data to encourage Member engagement via proactive messaging from the HealthJoy Program.

## **4. CONFIDENTIALITY; COMPLIANCE.**

**4.1 Confidential Information.** For the purposes of this Agreement, the Parties define “Confidential Information” to mean any of the information disclosed under this Agreement that is designated by the disclosing party as proprietary or confidential, or that should be reasonably understood to be proprietary or confidential due to its nature and the circumstances of its disclosure. HealthJoy’s Confidential Information includes any technical, pricing, or performance information about the Program or related services. Client’s Confidential Information includes Eligibility Data, Census Data, and Plan Data.

**4.2. Obligations.** As receiving party, each party will (a) hold in confidence and not disclose Confidential Information to third parties except as permitted in this Agreement, and (b) only use Confidential Information to fulfill its obligations and exercise its rights in this Agreement. The receiving party may disclose Confidential Information to its employees, agents, contractors, subcontractors, and other representatives (“Representatives”) having a legitimate need to know such Confidential Information, provided the receiving party remains responsible for their Representatives’ compliance with and breach of this Section 4 (Confidentiality) and such parties are bound to confidentiality obligations no less protective than this Section 4 (Confidentiality). The obligations concerning Confidential Information set forth herein will survive the termination or expiration of this Agreement.

**4.3. Exclusions.** These confidentiality obligations do not apply to information that the receiving party can document (a) is or becomes public knowledge through no fault of the receiving party; (b) it rightfully knew or possessed prior to receipt under this Agreement; (c) it rightfully received from a third party without breach of confidentiality obligations; or (d) it independently developed without using the disclosing party’s Confidential Information. The receiving party may disclose Confidential Information if required by law, subpoena, or court order, provided (if permitted by law) it promptly

notifies the disclosing party and cooperates in any effort to obtain confidential treatment prior to any disclosure. In the event the receiving party is still compelled to disclose Confidential Information, the receiving party shall only disclose that information that is reasonably required to be disclosed based on the advice of counsel (which may be internal). If Client or any of its employees or contractors sends or transmits any communications or materials to HealthJoy suggesting or recommending changes to the HealthJoy Program or related services, including without limitation, new features or functionality relating thereto, or any comments, questions, suggestions, or the like ("Feedback"), HealthJoy is free to use such Feedback irrespective of any other obligation or limitation between the parties governing such Feedback.

**4.4. Remedies.** Unauthorized use or disclosure of Confidential Information may cause substantial harm for which monetary damages alone may be an insufficient remedy. Each party may seek appropriate equitable relief, in addition to other available remedies, for breach or threatened breach of this Section 4 (Confidentiality).

**4.5 HIPAA & PHI.** The Parties agree to abide by the Business Associate Agreement, incorporated into this Agreement as set forth on the Order Form and set forth at [www.healthjoy.com/legal](http://www.healthjoy.com/legal), and which will contain such terms as are required by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Final Rule for Standards for Privacy of Individually Identifiable Health Information adopted by the United States Department of Health and Human Services and codified at 45 C.F.R. part 160 and part 164, subparts A & E (the "Privacy Rule"), the HIPAA Security Rule, codified at 45 C.F.R. Part 164 Subpart C and Subtitle D of the Health Information Technology for Economic and Clinical Health Act ("HITECH") including C.F.R. Sections 164.308, 164.310, 164.312 and 164.316 in effect, or as amended.

**4.6 Personal Data & PII.** The Parties agree to abide by the Data Processing Addendum, incorporated into this Agreement by this reference and set forth at [www.healthjoy.com/legal](http://www.healthjoy.com/legal).

4.7 The Parties agree that the terms of this Agreement have been negotiated in an arms-length transaction between the Parties and have not been determined in a manner which takes into account the volume or value of any referrals or business that otherwise may be generated between the Parties, or any entities affiliated with the Parties. The Parties further agree that this Agreement does not involve the counseling or promotion of a business arrangement that violates state or federal law. The Parties enter into this Agreement with the intent of conducting their relationship and implementing the provisions hereof in full compliance with applicable federal, state, and local law, including, without limitation, 42 U.S.C. § 1320a-7b(b) (the Medicare/Medicaid Anti-Kickback Statute) and 42 U.S.C. § 1395nn (the Federal Self-Referral Law), as the same may be amended.

## 5. FEES AND PAYMENT TERMS.

5.1 Unless other terms are agreed to by the parties pursuant to the Order Form or amendments thereto, (i) all invoices hereunder will be due and payable within 30 days of the invoice date, and (ii) all invoices from HealthJoy will be on an annual basis as follows: upon execution of the Order Form by Client and subject to any required minimums (if applicable), HealthJoy will invoice, and the Paying Party shall pay, an initial annual invoice calculated based on the applicable PEPMs on the Order Form multiplied by the estimated Eligible Employees on the Order Form multiplied by 12 months plus, if applicable, the one-time implementation/setup fee. Upon expiration of the initial 12-month period of the Initial Term, HealthJoy will invoice for subsequent annual periods in the Initial Term or Renewal Period (if applicable) calculated based on the then current PEPMs multiplied by the number of Eligible Employees around the beginning of the applicable annual period, and such subsequent invoices may include a true-up amount for the number of eligible Employees against either the initial invoice or a previous subsequent invoice. In addition to payment terms and amounts due on the applicable Order Form:

5.1.1 There may be usage-based fees (visit fees, Chronic Care PPPM fees, or MSK Therapy Enrolled Member per pain area fees) applicable as well, as set forth on the Order Form and/or the "Virtual Care Consult & Participant Fees" page at [www.healthjoy.com/legal](http://www.healthjoy.com/legal). **All usage-based fees payable by the Paying Party will be invoiced on monthly in arrears.** In addition to usage-based fees payable by Paying Party, there are visit fees due and payable by the Member at the time of the visit, AND Client may, in its sole discretion, add additional visit/consult fees.

5.1.2 **Chronic Care. Notwithstanding the terms on an Order Form regarding the Term of the Program, in the event Client's Program subscription includes Chronic Care, the Chronic Care enrollment is for a minimum enrollment term of 6-months per Participant and then monthly enrollment thereafter, and Client is responsible for all applicable amounts due and payable for the entire enrollment term.**

5.1.3 If a Member books an appointment or connects with a HealthJoy Third-Party Product Provider or another provider through the Program, HealthJoy may receive compensation or a commission.

## 5.2 Utilization Targets.

**5.2.1 Telemedicine Utilization Targets.** Although the overall Program PEPM pricing is not subject to increases during the Initial Term or a committed Renewal Period/Term, the telemedicine PEPM is subject to change based on a rolling 12-month utilization of the telemedicine services purchased through HealthJoy of up to 50% utilization (the "Utilization Target"). If actual utilization for a 12-month rolling period during the Term exceeds the Utilization Target, the PEPM for the telemedicine module shall increase by \$0.50 for any portion of a 10% increment of utilization in excess of the Utilization Target for the preceding 12-month period. HealthJoy may use the previous 6-months utilization to estimate a 12-month utilization for

# HEALTHJOY CLIENT TERMS AND CONDITIONS

communicating renewal pricing to the Client (for example, while HealthJoy makes commercially reasonable efforts to provide pricing to all clients for the next renewal period with advance notice for each client to make renewal decisions, HealthJoy may have less than 12-months of utilization data from the first year to provide a client with renewal pricing in advance of the expiration of the first year so HealthJoy will use the utilization data over the previous 6-months to calculate an estimated 12-month utilization to use for renewal pricing). A new Utilization Target will be set on the Client Plan Renewal Date by rounding the actual utilization in the prior rolling 12-month period to the next 10%. For example, if the Utilization Target is 50% and the actual utilization in the initial rolling 12-month period of the Term is 54%, the Utilization Target for the next contracted 12-month period after the Client Plan Renewal Date would be 60% and the PEPM would rise by \$0.50 over the previously contracted PEPM. A PEPM change as a result of a telemedicine Utilization Target being exceeded in any given contracted 12-month period shall not exceed +\$2.00. For purposes of this Agreement, utilization is measured on a rolling 12-month basis, as applicable, by taking the number of Member telemedicine consultations in the previous 12-months and dividing it by the number of eligible Employees in the previous 12-months to calculate a utilization rate. For example, if a client with 100 Employees initiates and completes 35 telemedicine consultations in the previous 12-months, the utilization for telemedicine for that effective period would be 35%. In the event the Parties agree a signed amendment for Client to change its current telemedicine add-on module and replaces it with another telemedicine add-on module provided by HealthJoy, the utilization calculations will restart upon launch of the new telemedicine add-on module for the Client as set forth above.

**5.2.2 Mental Health or Behavioral Health Utilization.** Although the overall Program PEPM pricing is not subject to increases during the Initial Term or a committed Renewal Period/Term, the Mental Health PEPM is subject to change based on a rolling 12-month utilization of the Mental Health add-on module of a 50% utilization threshold for Teladoc Health Mental Health or a 25% utilization threshold for MeMD Behavioral Health (each and collectively, the "Mental Health Utilization Target"). If actual utilization for a 12-month rolling period during the Term exceeds the Mental Health Utilization Target, the PEPM for the applicable mental or behavioral health add-on module shall increase by \$0.50 for any portion of a 5% increment of utilization in excess of the Mental Health Utilization Target for the preceding 12-month period. HealthJoy may utilize the previous 6-months utilization to estimate a 12-month utilization for communicating renewal pricing to the Client (for example, while HealthJoy makes commercially reasonable efforts to provide pricing to all clients for the next renewal period with advance notice for each client to make renewal decisions, HealthJoy may have less than 12-months of utilization data from the first year to provide a client with renewal pricing in advance of the expiration of the first year so HealthJoy will use the utilization data over the previous 6-months to calculate an estimated 12-month utilization to use for renewal pricing). Any amount above the Mental Health Utilization Target increases the PEPM into the next \$0.50 tier. For example, if the Mental Health Utilization Target is 25% and the actual utilization for a twelve-month period is 27%, the PEPM would increase by \$0.50 over the then-current PEPM value. A PEPM change as a result of a mental or behavioral health Utilization Target being exceeded in any given contracted 12-month period shall not exceed +\$1.00. For purposes of this Agreement, mental or behavioral health utilization is measured on a rolling 12-month basis, as applicable, by taking the number of mental or behavioral health consults in the previous 12-months and dividing it by the number of eligible Employees to calculate a utilization rate. For example, if 100 Members initiate and complete 20 mental health consults over the preceding 12-month period, the utilization for mental health for that effective period would be 20%. The aforementioned Mental Health Utilization Target is not applicable when consultation fees paid by the Paying Party (excluding member paid consult fees) are included as part of the Mental Health add-on module. In the event the Parties agree in a signed amendment for Client to change its current mental or behavioral health add-on module and replaces it with another mental or behavioral health add-on module provided by HealthJoy, the utilization calculations will restart upon launch of the new mental or behavioral health add-on module for the Client as set forth above.

**5.3** Paying Party shall pay all amounts when due and payable. If the Paying Party does not pay, then the Client shall be fully responsible for all amounts due for the Term. If any amounts owed by the Paying Party (other than charges disputed in good faith) are thirty (30) days or more overdue, HealthJoy may, without limiting its other rights and remedies, suspend or terminate the Program until such amounts are paid in full; suspension and termination may include, but is not limited to, disabling Client's and all Member's access to the Program. In addition, any unpaid, overdue invoices are subject to a finance charge of 1.5% per month on any past due balance, or the maximum permitted by law, whichever is lower. HealthJoy reserves the right to utilize third party collections agency or available legal means to pursue collection if payment is not received as set forth on the Order Form and this Agreement. Charges for third party collections fees or legal fees involved with collecting an outstanding balance will be added to outstanding balances for any given Order Form collected upon.

**5.4 Increases.** Excluding increases to PEPM fees applicable to telemedicine or mental/behavioral health utilization as set forth in Section 5.2 above, HealthJoy reserves the right to change the fees as follows:

# HEALTHJOY CLIENT TERMS AND CONDITIONS

- 5.4.1 HealthJoy may change PEPM fees upon 90-days' prior written notice to Client and such change will be effective on the earliest to occur of (1) the start date of Client's next benefit plan year (this may be referred to as the "Benefit Plan Renewal Date" on the Order Form) after expiration of the Initial Term, (2) the start date of Client's next renewal period with HealthJoy, or (3) as set forth in the notice.
- 5.4.2 HealthJoy may change non-PEPM fees related to Third-Party Products purchased through HealthJoy with written notice to Client and such change will be effective 30 days after the notice date or, if later, on the start date of Client's next benefit plan year. These include consult/visit fees, participant fees, or fees for Lantern Surgery Care (formerly known as SurgeryPlus).

## 5.5 MSK Therapy Fees.

- 5.5.1 Unless MSK Therapy is purchased at a PEPM in which case there is no Enrolled Member fee, the fees for the MSK Therapy will be \$800.00 per Enrolled Member per pain area (multiple pain areas will incur multiple MSK Therapy Enrolled Member fees). An "Enrolled Member" means any Employee and/or Eligible Dependent who completes the MSK Therapy intake survey, submits such survey to HealthJoy and is accepted into the MSK Therapy for a specific pain area.
- 5.5.2 MSK Therapy Refunds. Notwithstanding the foregoing, HealthJoy agrees to reimburse Client for any Enrolled Member fees paid for the MSK Therapy as follows:
  - 5.5.2.1 HealthJoy will perform an annual true-up on or about the end of each annual period in the Term to ensure that the Fees collected from the Client do not exceed the Program Savings estimate set forth in the Exhibit 1 – Description of Program ("Program Savings") and any such amount exceeding the Program Savings will be provided to the Client as a refund, subject to the terms in this Section 5.5.2.
  - 5.5.2.2 For any refund owed to Client pursuant to this subsection, HealthJoy will apply the MSK Credit against current or future Fees owed for the MSK Therapy and, if the Agreement terminates or expires with an MSK Credit owed by HealthJoy to Client, a refund will be issued by check or ACH payment to Client within thirty (30) days after the expiration or termination of the Agreement.
  - 5.5.2.3 The refunds pursuant to this Section 5.5.2 are subject to non-refundable minimum amounts as follows: (i) \$200 USD multiplied by the number of introductory calls Client's Enrolled Members have made. For example, in the event the Program Savings are \$0 however Client's Enrolled Members have completed two (2) introductory calls, therefore the calculation is that \$400 is the non-refundable amount; and (ii) in the event that there is no Program Savings value because a Member has not provided updated answers on their improvement, for any such Members who have completed one (1) week of programming there will be \$400 USD non-refundable amount.
  - 5.5.2.4 In the event that the Program Savings do exceed such estimate, HealthJoy will apply such overage to the Program Savings estimate to the following annual period of the Term and the true-up calculation at the end of the annual period will include such overage amounts.
  - 5.5.2.5 Unless an Enrolled Member has a Program Savings estimate, Enrolled Members in the MSK Program for less than 3-months from the MSK Acceptance (as defined in Exhibit 1 – Description of Program attached hereto) will be excluded from the above calculations for purposes of any refunds pursuant to this Section.
  - 5.5.2.6 When MSK Therapy is purchased at a PEPM, HealthJoy will apply \$500 of savings per Movement Health & Injury Prevention participant toward the savings credit in the ROI Guarantee.

**MSK Therapy refunds are not applicable when MSK Therapy is purchased through a reseller partner.**

## 5.6 Lantern Surgery Care (formerly known as SurgeryPlus).

- 5.6.1 Setup Fee. Upon execution of the Order Form by Client, HealthJoy will pull the one-time non-refundable \$2,500 setup fee from Client's banking account.
- 5.6.2 Shared Savings. Monthly in arrears HealthJoy will pull 35% of the Shared Savings from Client's provided banking account.
- 5.6.3 Claims. HealthJoy will pull all applicable Lantern Surgery Care Claims from the Client's banking account provided immediately after HealthJoy receives an invoice from the Lantern Surgery Care provider for an applicable Claim. **Client is responsible for all Lantern amounts due and payable, including, without limitation, continued coverage of care Claims, regardless of whether such amounts are incurred during the Term or upon expiration/termination of the Term.**
- 5.6.4 After each ACH draw, HealthJoy will provide the Client with a statement and relevant Claims documentation, as applicable. Client understands and acknowledges that Client must provide its ACH/banking information to HealthJoy immediately after execution of this Order Form in order for Client to launch the Lantern Surgery Care add-on module by the Program Target Start Date. If Client does not provide the Client's ACH/banking information on a timely basis, in all events prior to the Program Target Start Date, then the following may occur in HealthJoy's sole discretion: (1) the launch date for Lantern Surgery Care will be delayed (while the rest of the Program may still be launched, in

# HEALTHJOY CLIENT TERMS AND CONDITIONS

HealthJoy's discretion), (2) the Lantern Surgery Care subscription by Client may be terminated by HealthJoy, and (3) the Set-up Fee will not be refunded and remains due and payable if not paid.

5.7 Client shall be responsible for Client's own costs associated with the provision of the Program and otherwise relating to this Agreement, including, without limitation, its network access to be able to access the Program and any fees or expenses to remit payment to HealthJoy.

**6.2 Effect of Termination.** Upon expiration or termination of this Agreement or an Order Form, Client's access to the applicable Program will immediately cease and Client must stop sending all Eligibility Data, Census Data, and Plan Data. Termination of an Order Form will not be deemed a termination of this Agreement or any other Order Forms; however, termination of this Agreement will immediately terminate all outstanding Order Forms. In no event will any termination relieve Client of the obligation to pay any expenses and fees payable to HealthJoy for the period prior to the effective date of termination. HealthJoy will refund any prepaid fees covering the remainder of the Term as of the effective date of termination if this Agreement is terminated by Client in accordance with this Section 6 for HealthJoy's uncured material breach. DEFENSE OF THIRD-PARTY CLAIMS.** The Parties will defend each other against the third-party claims described in this section and will pay the amount of any resulting adverse final judgment or approved settlement, but only if the defending party is promptly notified in writing of the claim and has the right to control the defense and any settlement of it. The party being defended must provide the defending party with all requested assistance, information, and authority. The defending party will reimburse the other party for reasonable out-of-pocket expenses it incurs in providing assistance. This section describes the parties’ sole remedies and entire liability for such claims.

**7.1 By HealthJoy.** HealthJoy will defend Client against any third-party claim to the extent it alleges that a Program made available by HealthJoy for a fee and used within the scope of the license/subscription granted (unmodified from the form provided by HealthJoy and not combined with anything else) misappropriates a trade secret or directly infringes a patent, copyright, trademark, or other proprietary right of a third party. If HealthJoy is unable to resolve a claim of infringement under commercially reasonable terms, it may, at its option, either (1) modify or replace the Program with a functional equivalent; or (2) terminate Client’s subscription/license and refund any prepaid fees for any usage period after the effective date of termination. In addition to the foregoing, Client will indemnify and hold HealthJoy, its affiliates, directors, officers, and employees harmless from any fines, fees, claims, damages, or costs in the event that Client or its Members provide or input any “personal data” as regulated by the GDPR to HealthJoy or the Program.

## MODULE 5: MSK THERAPY

**MSK Therapy is an add-on module that must be purchased in order to be available to Members.**

*If MSK Therapy is purchased from HealthJoy, then Client's Members, subject to Client's specific eligibility, will have access to MSK Therapy.*

MSK Therapy is an add-on module. HealthJoy MSK Therapy is a musculoskeletal pain and dysfunction management program ("MSK Therapy") that provides a personalized, video-guided exercise program backed by a virtual coach. The goal is to help Enrolled Members self-manage their chronic pain or dysfunction through personalized exercise programs and provide one-to-one support to help them achieve their goals during the MSK Therapy.

MSK Therapy provides coach-led exercise therapy programs for members with specific areas of pain or dysfunction. This can include but is not limited to back, knee, hip, shoulder, neck, foot, and other joint pain or chronic conditions such as pelvic health disorders. Each Enrolled member will have access to their coach and tailored programming until they achieve their goals for the enrolled pain area as part of MSK Therapy, as follows:

The MSK Therapy includes a 12-month maintenance program with quarterly check-ins with their coach at the end of their program. An Enrolled Member subscription to the MSK Therapy lasts for fifteen (15) months after MSK Acceptance (as defined below).

Each Member will have the ability to take an intake survey about their health, pain and function history to apply for the MSK Therapy. This intake survey will confirm eligibility and screen for exclusion criteria. HealthJoy then reviews the survey results to verify eligibility. If deemed eligible by HealthJoy, it will be considered an "MSK Acceptance." To be eligible for the MSK Therapy, a Member must have self-reported chronic pain or chronic symptoms, and not have some other health issue that may disqualify him/her, such as, but not limited to, having: (1) a condition where they have not been cleared for exercise by their physician, (2) physician-diagnosed structural issues (such as moderate to severe spinal stenosis, multilevel disc herniations, multilevel spinal fusion), or (3) if the answers to the intake survey indicate a structural issue even though there is no formal diagnosis, such as marked numbness and tingling or radiating pain down their legs.

Accepted Members are contacted by their assigned coach to schedule an introductory call and introduce the member to the MSK Therapy. Enrolled Members can access MSK Therapy through the HealthJoy app on their smartphone, as

# HEALTHJOY CLIENT TERMS AND CONDITIONS

well as via a computer or other internet-connected device at the proper web address. Coaches and Enrolled Members can then communicate, and schedule further calls to discuss exercises, exercise form, progress, modifications, or any other relevant information. Coaches may follow up with the Enrolled Member as needed via email, call, text, or other media to aid adherence to the MSK Therapy.

(Any references to app feature or wallet features are dependent on the Client purchasing the HealthJoy Navigation Platform) HealthJoy will provide Client with brochures and app features to build awareness amongst its Members. Each virtual wallet will include a MSK Therapy wallet card and menu button that provides an overview of the available exercise therapy programs and how to apply.

Throughout the year, Members searching for relevant services such as Chiropractic or Physical Therapy will be reminded by the HealthJoy app that they have access to MSK Therapy.

For sake of clarity, this will not be reported on weekly, but when reported, will be for specific weeks within the MSK Therapy Program.

  - 5.7 Average Function Improvement – HealthJoy will track the average change in self-reported function through the MSK Therapy as rated from 0 to 10.
  - 5.8 Average Depression/Anxiety Reduction – For each Enrolled Member that completes the MSK Therapy Program, HealthJoy will conduct an intake and monthly surveys (GAD-7 and PHQ-9, respectively) and average the differences between the starting score and the ending score.

  - 5.10 Completion Rate – HealthJoy will track the percentage of Enrolled Members who have either completed 12 weeks or achieved their goal and told the coach they were done with the MSK Therapy Program, divided by the number of Enrolled Members who have had a chance to complete all 12 weeks of the MSK Therapy Program.
  - 5.11 Average Productivity Improvement – For each Enrolled Member that completes the MSK Therapy Program, HealthJoy will conduct an intake and monthly surveys and report on the differences between the intake survey and monthly survey in terms of percentage of work missed by the Enrolled Member per week due to back pain. For example, this metric would show that an Enrolled Employee was missing 4 hours of work per week at the commencement of the program and at the end, the Enrolled Member is missing 0 hours of work per week, which resulted in a ten percent (10%) improvement.
  - 5.12 Program Savings – HealthJoy incorporates each participant's prior care and current care intentions to determine the participant's savings potential (a participant's "Program Savings"). If a participant achieves clinically significant improvement, recognized as 30% or more improvement in pain, then the Program Savings is 'realized.' HealthJoy sums the realized savings values to determine the Total Savings. Based on the HealthJoy intake survey, participants and their savings potentially fall into three levels as follows:
    - 5.12.1 Low Cost: Participants who indicate no intention for surgery and whose prior care is non-invasive (physical therapy or chiropractic) are the likely lowest cost claimants. The MSK Therapy Program is used as a substitute for physical therapy. The average cost of physical therapy for chronic pain is \$1,800, so these Participants are assigned a Program Savings of \$1,800.

# HEALTHJOY CLIENT TERMS AND CONDITIONS

- 5.12.2 Medium Cost: Participants who had received prior care more expensive and/or invasive than physical therapy or chiropractic, including one or more of injections, imaging, surgery, overnight hospital stay, office visit with a doctor, or an emergency or urgent visit, but indicate no intention to get future surgery have already cost the plan significant money and are potentially high-cost claimants. Summing up the average course of care for this bucket (PCP visit, Orthopedist visit, MRI, Injections, PT visits), these Participants are assigned a Program Savings of \$4,000.
- 5.12.3 High Cost: Participants who indicated a greater than zero intention for surgery are likely high-cost claimants. HealthJoy takes the difference in the Participant's starting and ending surgery likelihood and multiply by an average surgery cost of \$40,000 to determine the Program Savings for that Participant. For example, if the Participant started at 20% likelihood for surgery and ended at 0%, that would be  $(20\% - 0\%) * \$40,000 = \$8,000$  in Program Savings. This Participant population reflects that 70+% of an employer's musculoskeletal spend is driven by people getting surgery.
- 5.12.4 In the event an Enrolled Member is non-responsive by not providing answers to HealthJoy regarding pain improvement or changes to intention for surgery, the Enrolled Member will be assigned a \$0 Program Savings.
- 5.12.5 The above Program Savings amounts can be adjusted by HealthJoy, in its sole discretion, to align with changes in healthcare costs.
- 5.13 Reporting Metrics available at Month 2-3, depending on how quickly the first member enrolled.
- 6 Marketing
  - 6.1 Brochures, App Messages, Emails

- 10.3 Level I Crisis Intervention: Acute post-traumatic stress is a normal reaction in a normal person to an abnormal event. Follow-up services are always necessary after a defusing to assure that Employees are managing stress adequately. This structured group setting gives Employees the opportunity to discuss their thoughts and emotions about the incident in a controlled, structured rational manner. At additional cost to Client and only at Client's request, the cost of a Level III Critical Incident response within the U.S., beyond the aforementioned allocation, is \$225.00 per EAP provider per hour.
